FAITH – RELATIONSHIPS – ACTION

The purpose of Men's Ministry is for men to experience God together, build bonds of support, encouragement and accountability and become active in sharing the love of Jesus with others.

The ministry focuses on the following areas:

- 1) God empowerment opportunities in which men will together experience the unconditional love of Jesus, find assurance of acceptance and forgiveness, gain a deeper understanding of Bible truth and make a firm commitment to the Lord.
- 2) Rapport and bonding ministries to promote fun, enjoy fellowship, build friendships and allow each man to lend his unique gifts to the development of small support groups.
- 3) Guiding men into finding their niche in the Church's mission of service and witnessing.
